## ANOTHER SIGNAL OF OUR ADVANCING MOVEMENT

Weeks ago, members and sympathizers of our Liberation Movement started painting "32" signs throughout our country, as a warning to the Arbenz-Fortuny regime and as a reminder to all our fellow-citizens. Article 32 of our constitution expressly forbids the admission of political parties tied to international organizations or to foreign powers: the government, not only permitting the existence of a Communist Party (thinly disguised as a "Workers Party," PGT) but taking its orders, its ideas and most of its personnel from this party which is both part of an international conspiracy and in the service of a foreign power, violates the constitution, commits treason every day.

The police, by orders of its communist masters, attempted to terrorize our friends who dared to remind the government of the constitution - which the police, too, has sworn to uphold and to defend. People were arrested, houses were searched, innocent bystanders mistreated, stool pigeons were sent out to discover the criminals who were bold enough to recall the fundamental law of our country. Despite all this persecution, the campaign took its intended course - greatly helped by many courageous, freedom-loving fellow-countrymen who followed the example of our "brush squads" without any connection with our organization.

Today, as most of you can see with your own eyes, our brave friends have returned to the task and you will see "32" signs again, despite all police terror, in many places all over the

country. Remember: the violators of our constitution still rule our homeland, the President, feloniously betraying his oath of office, still depends upon an international party, organ of a foreign power - that is, upon the Communist Party (PCP), Moscow's fifth column - which he had sworn not even to admit to legal existence!

Imitate the example of our friends: paint, write, print, engrave everywhere and with all means at your disposal the "32", symbol of our struggle to enforce the constitution, to free the country of the foreign conspirators who are turning Guatemala into a Soviet satellite, who want to subject us to the godless Soviet system of state slavery and to drive us as Moscow's cannon fodder against other American nations!

"32" is a reminder, a warning and a call for action!
